- HackerRank certification in SQL(2 star).

Harsh Vyas

Java Backend Developer

Personal Profile

I am a passion-driven learner and a web developer with the ability to write clean, reusable, optimized code. I may lack experience, but I more than make up for it with my hunger for knowledge, as showcased by my projects, wherein I imbibe my learned skills.

Work Experience

Organisation: Adaptive Engineering PVT. LTD.
Position: Application Engineer
Duration: 2019-05 to 2020-06
ROLES: I had to Automate the solar power plant with PLC-SCADA. And redirecting data with SQL.
